

The background features a stylized globe composed of numerous 3D cubes in various shades of light blue and white, arranged to form the continents. The perspective is from an elevated angle, looking down at the globe.

CWM-EWM Joint Meeting

March 23, 2021

CWM ambassadors and EWM country coordinator for

Turkey

Semra Pamuk

(Since 2016)

Gender Distribution in Math Faculty Members in Turkey as of 2020

	Male	Female
Profs.	406	133
Assoc. Profs.	213	126
Asst. Profs.	250	285
Lecturers	45	43
Research Asst.	190	249
Total	1104	836

As Country Coordinator of EWM and CWM for Turkey

- I am moderating an e-mail list Tkmdlist to reach women mathematicians in Turkey, the list has nearly 350 members.
- I am also spreading any news or opportunities coming from both EWM and CWM, about/for women mathematicians through Tkmdlist and turkmath-list.
- I am collecting EWM-membership fees.
- I am writing reports of any event organized by ATWM, or any other event on women in math in Turkey.
- I am keeping the webpage of ATWM.

About ATWM

As a group of women mathematicians, we established the Association for Turkish Women in Mathematics in June, 2012. Our aim is to support women in mathematics, in social and scientific areas. We try to create opportunities for woman mathematicians to facilitate the advancement of their careers by cooperating with similar associations like EWM.

Activities of ATWM

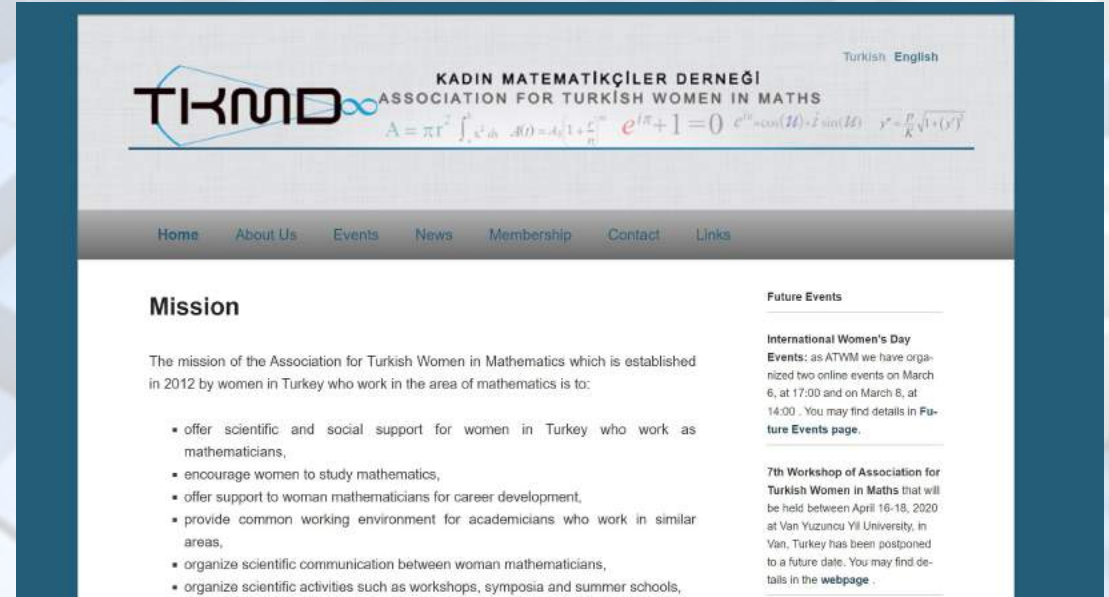

- In order to achieve this goal as association, we try to bring women mathematicians, graduate students together to share their research, experience and ideas by organizing :
- Women and Science events, (6 of them)
- Workshops of Association for Turkish Women in Mathematics, (6)
- Graduate Summer Schools, (4)
- Women and Maths events. (4)
- May 12, Women in Math Day event (1)

- We have planned 7th Workshop of Association for Turkish Women in Maths: April 16-18, 2020 at Van Yuzuncu Yil University, in Van, Turkey but it has been postponed to a future date due to Covid-19 pandemic.
- For May 12, 2020, we had an online discussion after the screening of Secrets of Surfaces.
- We arranged a survey for women mathematicians in Turkey during pandemy.
- For March 8, International Women's Day we have organized two online events.

Workshops

- You may find detailed information about these activities in our web page:
<http://tkmd.org/?lang=en>

The screenshot shows the website for the Association for Turkish Women in Mathematics (TKMD). The header includes the logo and the text "KADIN MATEMATİKÇİLER DERNEĞİ ASSOCIATION FOR TURKISH WOMEN IN MATHS" with a language toggle for "Turkish English". Below the header is a navigation menu with links for Home, About Us, Events, News, Membership, Contact, and Links. The main content area is divided into two columns. The left column is titled "Mission" and contains a paragraph about the association's purpose, followed by a bulleted list of its goals. The right column is titled "Future Events" and lists two upcoming events: "International Women's Day Events" and the "7th Workshop of Association for Turkish Women in Maths".

Turkish English

TKMD KADIN MATEMATİKÇİLER DERNEĞİ
ASSOCIATION FOR TURKISH WOMEN IN MATHS

$A = \pi r^2 \int_0^h v^2 dv$ $f(x) = \sin(x)$ $e^{i\pi} + 1 = 0$ $e^{i\theta} = \cos(\theta) + i \sin(\theta)$ $y'' = \frac{D}{K} \sqrt{1 + (y')^2}$

Mission

The mission of the Association for Turkish Women in Mathematics which is established in 2012 by women in Turkey who work in the area of mathematics is to:

- offer scientific and social support for women in Turkey who work as mathematicians,
- encourage women to study mathematics,
- offer support to woman mathematicians for career development,
- provide common working environment for academicians who work in similar areas,
- organize scientific communication between woman mathematicians,
- organize scientific activities such as workshops, symposia and summer schools,

Future Events

International Women's Day Events: as ATWM we have organized two online events on March 6, at 17:00 and on March 8, at 14:00 . You may find details in [Future Events page](#).

7th Workshop of Association for Turkish Women in Maths that will be held between April 16-18, 2020 at Van Yuzuncu Yil University, in Van, Turkey has been postponed to a future date. You may find details in the [webpage](#) .

A 3D visualization of a city or terrain, rendered in light blue and white. The scene features a central peak or mountain range, with a grid of rectangular blocks or buildings extending outwards. The perspective is from an elevated angle, looking down at the terrain. The overall aesthetic is clean and modern, with a soft, ethereal glow.

Thank You !
